Special Seasonal Offers for Court Rentals

Want to play a sport on a weekly basis, but don't want to join a league? Want private court time with no hassle? Want to get the best deal of the season? One simple phone call and your group of friends and/or co-workers are set to play your favorite sport at the same time and day every week, from early fall to late spring. Act fast – limited spots are available and filling quickly with customers already booking or renewing their preferred days and times.

"The customers who are proactive get the best times and the best rates," says Jocelyn, WCF sales manager. "Those that wait until fall tend to get later times or no time at all."

Windy City Fieldhouse (WCF) has served as Chicago's home for sports for nearly a decade and offers exclusive court time for a variety of sports including basketball, soccer, volleyball, dodgeball, rugby, lacrosse, baseball/softball, football, floor hockey and more. By booking a weekly time slot from early fall to late spring, groups are able to plan their schedules around that time and know they are set to play on the same day and time each week.

As a further benefit, WCF offers a variety of discounted court rates including:

2004-2005 SPECIAL OFFERS

WCF accepts weekly court time bookings for any length of time (13 week minimum) and offers a variety of payment plans to make it easy for you to get your group involved.
