# Windy City Sports Academy Offers Summer Sports Camps

This summer, the Windy City Sports Academy (WCSA) is offering a variety of week-long sports camps for children ages 3 – 14. Directed by Steve Duman, the Sports Academy (which hit a record high enrollment this winter) enables children to strengthen their sports skills in a no pressure environment that is both structured and safe.

*A WCSA counselor reviews the rules and regulations of baseball to his participants.*

“Children who take part in this program are given a unique opportunity to acquire new skills and develop confidence,” says Duman. “The Sports Academy is different than other programs because it enables children to strengthen their skills in a no pressure environment. The focus is placed on learning rather than winning – allowing children to develop sports skills in a safe, fun and encouraging environment.”

Duman has been leading the Sports Academy since its implementation and has turned it into one of Chicago’s most popular youth programs. With more than 10 years of experience in developing enriching and fun youth programs, Duman has also developed similar programs in New York and Denver.

Available sports camps for this summer include Basketball Skills Camps, Girls Basketball Camps, Pee-Wee Basketball Camps, Summer Sports Camps and Tiny Tots Sports Camps. The camps feature local area coaches, guest speakers, league/tournament play, contests and prizes. "I am certain that you will receive more business due to the exceptional service provided," comments Evelyn Sanchez of Chicago. "I must commend the staff for coordinating activities for 50 kids (all ages). Everyone was pleased!"

Many additional birthday party options are available to make your event a truly grand affair. Available additions include face painters, balloon artists, moonwalks and more. Many weekdays and weekends are already
