1 VIRTUAL SCAVENGER HUNT

Get your team working together to complete tasks and challenges in this highly engaging virtual event. Teams submit videos or photos to complete missions and collect points. Missions are guaranteed to make you laugh and include things like taking a video of someone singing in the rain (literally!) or taking a photo of someone surfing on an ironing board! Collaboration and teamwork are an essential part of this event, not to mention having fun!

2 VIRTUAL PUB TRIVIA

Remote teammates band together to answer trivia questions in this fast paced virtual event hosted by an emcee. Each round consists of 10 to 15 questions from different categories like pop culture, sports, general knowledge and even custom company trivia. Answers are submitted online for points and the team with the most points wins!

3 VIRTUAL GAME SHOW

This activity takes your team on a journey through popular game shows like Family Feud, Jeopardy and many more! The event is hosted by our Second City Trained Emcee to encourage participation and make sure everyone is having a great time!

4 VIRTUAL WELLNESS CHALLENGE

Encourage your team to learn more about wellness! Similar in format to the Virtual Scavenger Hunt, the Virtual Wellness Program puts your group on teams. Each team must complete a series of wellness themed challenges. This event is available in a one hour format along with a week-long challenge with new activities each day of the week!

5 VIRTUAL MOSAIC

Each participant is sent art supplies, a canvas, a portion of an image and instructions. During the event participants paint their portion of an overall image in a virtual 'paint night' setting. Once everyone completes their work of art, all the pieces are assembled into the larger image. The Virtual Mosaic focuses on creativity and demonstrates how we are each one piece to a larger puzzle, each piece essential to the final product!
